

DETAILS SHOW JAPANESE SENTRY FIRED FIRST SHOT

Evidence of This Received by U. S. Officials

JAP GOVERNMENT REPORTS FACTS

(By The Associated Press) WASHINGTON, Jan. 17.—Lieutenant W. H. Langdon, American naval officer who was shot and killed by a Japanese sentry at Vladivostok, January 8, was the victim of an unprovoked attack, dispatches to the state department and to the navy department today agreed.

Both sets of dispatches were based on statements elicited from the accused sentry by the board of investigation and court of inquiry convened by the Japanese government. The sentry's statements were described as in agreement with the anti-morism story of the affair by Lieutenant Langdon in that the sentry was the first to fire.

The dispatches to the navy department, filed by Admiral G. Hayes, commander-in-chief of the Asiatic fleet now enroute to Vladivostok with an American naval court of inquiry added that the sentry had been recommended for court martial by the Japanese authorities.

Messages More Complete While the dispatches received today were more complete than any that had previously reached Washington, the officials expressed gratification that an agreement had been reached as to what actually happened no tendency was displayed in official circles to relax the determination to investigate the matter thoroughly, and for that reason Admiral G. Hayes with his court of inquiry will continue on his way to the Siberian port.

State department officials also continued to await a reply to the note sent the Japanese government requesting an explanation of the incident and assurances that it would not be repeated.

Langdon a Total Abolisher The state department was informed in its dispatches that Langdon, who is described as a "total abolisher" was burning to his ship early in the morning of January 8 using a flashlight in order to pick his way along an ice-covered street. The sentry was on duty before the headquarters of the Japanese eleventh division.

"The final story and full admission of the report of the investigating board as received by the state department added, "made after a thorough investigation, that the sentry three times called out 'halt' and that Lieutenant Langdon did not halt. The sentry said that he then took position three paces in front of Lieutenant Langdon with his rifle held at 'charge bayonets.' Lieutenant Langdon then stopped, according to the sentry's story, and shifted the electric pocket light to his hand groping with his right hand into the pockets of his overcoat. The sentry asserted that he himself then took the position for action" and queried Lieutenant Langdon with the words, "Russian or American."

Sentry Admits Being Excited. The sentry admitted that he was very much excited but protested that he did not intend to shoot Lieutenant Langdon but that his purpose was to seize Lieutenant Langdon's electric flashlight, and to compel him to accompany him to the guard in order that he might ascertain who the lieutenant was. He declared that he discharged his rifle by accident and wounded Lieutenant Langdon in the breast. Lieutenant Langdon fired two or three revolver shots at him.

Memorial services for Lieutenant Langdon will be held tomorrow at the Y. M. C. A. building in Vladivostok.

MEAT PACKERS OBJECT TO ACTION OF U. S. OFFICIALS

Have Circulated Detrimental Reports in England

WILL RESTRAIN BUSINESS EXTENSION

(By The Associated Press) WASHINGTON, Jan. 17.—The attention of members of Congress was called today by the Institute of American Meat Packers to proposals submitted to the British parliament regarding the meat industry and said to be designed to restrain American packers from further extending their world trade. The institute in an open letter to senators and representatives also transmitted a report to parliament by a sub-committee on trusts. This report it is said was a "consequence of the deliberate circulation in foreign countries by the federal trade commission, of the commission's report on its investigation of the 'big five' packers conducted several years ago by direction of President Wilson.

The commission, it is charged further, sent to the diplomatic bureau a form letter to be used in transmitting the report. "By this form letter," says the institute's communication, "President Wilson was made to extend the invitation to foreign governments to take the fundamental action" which the commission said was necessary to prevent international control of meat products by the American packers.

The institute's letter goes on to say that members of Congress after reading the British committee's report which quotes at great length from the trade commission report, "will appreciate the serious disaster which threatens the livestock industry of this country as a consequence of the deliberate circulation in foreign countries of false and unjust charges against the American packers."

The British committee's report a digest of which was published recently in the United States says, "no complaint was made (at hearings held by it) of unfair trading on the part of the American companies and severe cutting of prices for the purpose of developing trade or clearing surplus stocks," but it charges that there is at least a tacit understanding between the American meat companies to respect "others' position which secures to them all the economic advantages of an active combination."

WOULD DEBATE WITH TOWNLEY IN KANSAS

Former Attorney General of North Dakota Challenges A. C. Townley to Debate Non-Partisan League Question.

(By The Associated Press) TOPEKA, Kans., Jan. 17.—William Eugene Townley, attorney general of North Dakota, and who was elected to that position on the non-partisan league ticket, addressed the members of the Kansas legislature here tonight. Langer attacked the league, denounced A. C. Townley, its director, who came to Kansas recently for a membership campaign in this state, and exhorted business men and farmers to oppose the activities of the organization.

Townley thru the league has "milked North Dakota dry," he told the legislators.

He concluded by challenging Townley to debate the issues and asserted:

"I do not believe he will dare accept."

NEW YORK HONORS BENJAMIN FRANKLIN

NEW YORK, Jan. 17.—New York honored Benjamin Franklin today, calling him as the commercial father of his country. Richard, America's nation of thrift, celebrating the beginning of his literary career in Boston 200 years ago, exercises through the city lauded him in connection with National Thrift week and in promotion of patriotism and economy without niggardliness.

GOMPERS CHOSEN AGAIN IN FACE OF STRONG OPPOSITION

Re-Elected President of the Pan American Labor Federation

DELEGATES THREATEN TO BOLT

(By The Associated Press) MEXICO CITY, Jan. 17.—Samuel Gompers today was re-elected president of the Pan-American Federation of Labor. His election followed a three hours debate in which there was a split among the delegations, the Mexicans, Salvadorans and Guatemalans voting against the unanimous acceptance of the resolution nominating Mr. Gompers.

The next session of the congress will be held in Guatemala City. MEXICO CITY, Jan. 17.—Open threats of a bolt from the Pan-American Federation of Labor conference by the Spanish speaking delegates came today at the conclusion of a stormy morning session, the possible defection hanging upon the delay of Samuel Gompers, in directing a telegram to President Wilson concerning American occupation of Santo Domingo.

At the outset of the morning's session Mr. Gompers was asked by the Santo Domingo delegates whether a telegram protesting against the American occupation and demanding an immediate evacuation of the island had been sent in accordance with the resolution approved last Friday. Mr. Gompers replied that he desired to modify the text of the telegram issued by the American government had declared itself in favor of evacuation started a heated argument in which the Latin-American policy of the United States was bitterly criticized by the Dominican, Salvadoran and Mexican delegates.

May Abandon the Congress. Senator Solano of Salvador openly declared that his delegation would abandon the congress unless Mr. Gompers immediately sent the telegram.

The Dominican and Colombian delegates asserted after the meeting adjourned that they would act likewise.

Altho the trouble had its origin in the technical refusal of Mr. Gompers to abide in detail by the resolution passed unanimously by the congress it is said that behind lies another effort by the Spanish-speaking delegates to test their strength against the American delegation, which doubtless will be supported by the Porto Rican representatives.

NEW CABINET OF FRANCE MEETS

PARIS, Jan. 17.—The new cabinet met late this evening and began consideration of terms of a ministerial declaration which probably will be read in parliament Thursday. The ministry decided upon the suppression of the department of food supplies and also on proposal of M. Doumer, that the department for the liquidation of war stocks be attached to the ministry of commerce. Bills authorizing this transfer and creating an under-secretary of the foreign office will be introduced at an early date.

The appointment of the following under-secretaries of state was announced:

Presidency of the council of ministers, Theodore Tisserat; finances, M. Paisant; interior, M. Colrat; posts, Paul Lafont; aviation, Laurent Enaud; merchant marine, M. Rio; technical education, M. Viadot; agriculture, M. Pissis; devastated regions, M. Lugol.

Jefferson City, Mo., Jan. 17.—Governor Hyde said today that he expected to hold conference the middle of the week on the appointment of the police commissioner for St. Louis. Governor Hyde said he had come to no decision on his attitude toward police salary bills introduced in the legislature.

DIED ON TRAIN CROSSING MOUNTAINS

East Las Vegas, N. M., Jan. 17.—George Hough, retired Carthage, Mo. merchant, died on a train between Albuquerque and Las Vegas last night. He was enroute from San Diego, Calif., accompanied by his daughter and a physician. The body will be sent to Carthage tonight.

WRECKING WORK IS HINDERED BY RAILROAD RULES

E. T. Whitwer, Representing Roads Tells This to Committee

TAKES SIX MEN TO REPAIR HEADLIGHT

(By The Associated Press) CHICAGO, Jan. 17.—Wrecking emergencies which require immediate action are hampered by rules of the national agreements between the railroads and their employees. It was declared before the United States railroad labor board today, E. T. Whitwer, continuing his testimony in behalf of the roads declared that "any rule which interferes with or delays the most efficient and expeditious manner of clearing a wreck is unjustifiable."

The rule attacked is one which requires a machinist and helper to accompany the wrecking crew when the engine is disabled.

"The railroads object to this rule," Mr. Whitwer explained, "because a wreck is an emergency matter. It requires the immediate dispatching of a crew often to care for injured passengers and employees or to clear the main line for traffic or to prevent destruction of property by fire."

"Action must not be delayed by waiting to secure machinists that may or may not be needed. All members of the force ought to perform work that will best meet the emergency."

Much of Mr. Whitwer's testimony during the day referred to classifications of work, by which the classification rules work injustice to the roads. Adjustment board decisions which changed men's titles, thereby giving them increased pay without changing their duties, met with objections from the roads. The craft rules were declared unjust and inefficient in Mr. Whitwer's testimony because, he declared they duplicate effort and add the following case as an example:

"A headlight generator to be removed and replaced required the electrician to disconnect the wires, the sheet metal worker to disconnect the pipes, a machinist to un-bolt and remove the generator and apply new generator, the sheet metal worker to connect the pipes and the electrician to connect the wires. As these employees usually have helpers, it means that six men are employed on a job that ordinarily should be done by a machinist and helper."

Mr. Whitwer will continue his testimony for the railroads at tomorrow's session.

LOWDEN RECESS APPOINTMENTS DEAD

Administration Leader So Declares—Small to Send Appointments to Senate Today—May Recess for Two Weeks.

Springfield, Ill., Jan. 18.—Recess appointments, including those of the tax commission made by former Governor Lowden are "dead," Senator Samuel A. Ettelein, administration leader declared tonight.

"There is no equity in a law which would permit retiring Governor Lowden to name his successor," he said. Senator Ettelein predicted that only appointments made by Governor Small will be confirmed by the senate.

Appointments which Governor Small has announced will go to the senate tomorrow. It is predicted tonight by men close to the governor that the new executive will have several more names to submit tomorrow. These were not given out but are the subject of most of the discussion tonight.

The senate will meet at 10 o'clock in the morning and according to tonight's plans will adjourn then until 2 o'clock to act upon the governor's appointments. Conferences behind closed doors today are shaping developments for tomorrow.

Another recess, this time for two weeks, was predicted by Speaker Gotthard A. Dahlberg tonight. The house rules are not ready, committees are being shaped slowly and after house members draw their seats there will be little to do the speaker said.

"If the house plans another recess they will probably find the senate willing," several senators said.

PLEADS NOT GUILTY TO GRAND LARCENY

Madison, Wis., Jan. 17.—Pierre Paul Author who two weeks ago eloped with the wife of Philip Franzen of Madison, was arraigned in superior court here today on the charge of grand larceny and pleaded not guilty. Preliminary hearing was set for Thursday. Author was not able to furnish the \$1,000 bail set by the judge and went back to jail.

The charge of grand larceny was preferred by Franzen on account of an alleged theft by Author of \$110 on the night he and Mrs. Franzen left. Neither Franzen nor his wife were present in court.

ST. LOUIS VAUDEVILLE HOUSE ROBBED

St. Louis, Mo., Jan. 17.—Three robbers, shortly before daybreak today entered a vaudeville house in the center of the city and escaped with a safe containing approximately \$3,500, the receipts of Saturday and Sunday.

FRANK O. LOWDEN CONFERS WITH PRESIDENT ELECT

Former Governor Said to be Supporting Dawes

ARRANGE FOR INAUGURATION

(By The Associated Press) MARION, O., Jan. 17.—Final plans for the simple ceremony on the east portico of the capitol which will mark the inauguration of Warren G. Harding as president of the United States were virtually approved today as the result of a conference between the president-elect and Elliott Woods, superintendent of the capitol building and grounds. Mr. Woods came to Marion to tell Mr. Harding formally that the inaugural ceremonies had agreed to his proposals that the East steps of the capitol be made the scene of the event rather than the senate chamber. He also sought the president-elect's consent to a plan for the erection of a small platform on the east steps from which the inaugural address will be delivered. It was agreed that the platform would be built but it would be merely a small affair designed to assist the president-elect in making himself heard.

Mr. Harding today continued his cabinet conferences preparatory to his departure for Florida, but whether he was able to reach a conclusion in regard to the several pressing questions could not be learned.

Frank O. Lowden, former governor of Illinois, who is reported to be supporting Charles G. Dawes, of Chicago, for secretary of the treasury; Will H. Hays, chairman of the Republican national committee, spoken of for postmaster general and Charles D. Tilles, mentioned for the secretary of the treasury.

Neither Mr. Lowden nor Mr. Tilles would comment on their conferences with the president-elect but Mr. Hays took pains to deny recent reports that a difference of opinion on cabinet selection existed between him and Harry M. Daugherty of Columbus, regarded as a likely recipient of the post of attorney general on the Harding cabinet.

"Complete harmony remains," Mr. Hays made it plain that he wished, it understood that there remained complete harmony among the group of men who managed the Republican campaign.

"I came to Marion at the request of Mr. Harding, to go over several important matters with him," said Mr. Hays. "I am not here seeking public office nor am I here to adjust any altercations over cabinet appointments, for as far as I know there are none."

The president-elect and Mrs. Harding left Marion quietly today to spend the night and part of tomorrow in Cleveland where Mr. Harding wished to attend to some personal business.

MUST KEEP UP AID FOR FAMINE STRICKEN CHINA

Is Opinion of Charles R. Crane, Minister to Peking—Money Essential to Save Lives.

Washington, Jan. 17.—Chinese victims of the famine have placed in jeopardy the lives of more than ten million inhabitants of five districts, are being kept alive on a mixed diet of vegetables and cereals, principally millet seed and beans, the state department was advised today by Charles R. Crane, minister to Peking.

Minister Crane's report was based upon the finding of Frederick W. Stevens, representative of the American group of international consortium of bankers who had just completed an investigation in which careful study of the famine situation was made by different agencies working in the affected districts.

Must Continue Gifts

The continuation of gifts of money is essential in the lives of millions are to be saved, the report indicated. The relief administration estimated that it would cost \$60,000 (Mexican) per ton to deliver food to the famine stricken area until June, when it is believed, the crisis will be past.

TWO MONTHS INFANT SMOTHERED TO DEATH

SHAH OF PERSIA HAS NOT ABDICATED

London, Jan. 17.—Reports which have been in circulation that the Shah of Persia has abdicated are denied in British official circles. The Shah had not abdicated up to Saturday night, nor had there been any indication of any such move.

MANUFACTURE OF HOME BREW HELD AGAINST THE LAW

This is the Ruling of Internal Revenue Collector

MAN FINED FOR MAKING BEER

(By The Associated Press) DETROIT, Mich., Jan. 17.—The manufacture of home brew is a violation of the prohibition law according to a ruling received today from the United States treasury department, at a Washington by John A. Grogan, collector of internal revenue for Eastern Michigan.

Manufacturers of home brewed beer are liable to a fine of \$1,000 regardless of the ultimate disposal of the product, the department states.

The ruling was asked by Grogan in the case of a Detroit man and the revenue collector was authorized to begin action to collect a penalty of \$1,000 from the Detroit man, who is charged with manufacture and possession of beer.

The treasury department holds according to Grogan that the Detroit man is liable to penalty as a manufacturer under section 35 of the national prohibition act. The penalty applies, Mr. Grogan said, to the act of manufacturing, wherever, intoxicating in all liquors have been manufactured thus regardless of the ultimate disposition of the product in applying homebrew cases as well as in cases involving sale of the product.

The penalty, it was explained, is similar to the percentage penalty imposed on a delinquent income taxpayer and is not a fine resulting from criminal prosecution.

BOMB PLANTED IN TAXI CAB KILLS TWO IN PHILADELPHIA

Company Employees Have Been On Strike for Some Time

(By The Associated Press) PHILADELPHIA, Jan. 17.—Two men were killed here tonight when a bomb exploded in the main garage of the Quaker City Taxicab Company. The victims were Percy H. Dean of Philadelphia and George McKee of Haddonfield, N. J., both inspectors. Several other employees of the company were injured but none seriously. Chauffeurs of the company have been on strike for several weeks and a number of acts of violence have occurred. About ten days ago bombs were found in two cabs of the company. One of these cabs was demolished but no one was injured. Several cabs have been stolen and wrecked.

Were Going Over Car.

As a result of these acts inspectors were placed in the company's garages to examine the turning cars. Dean and McKee were going over a car had just come in. Dean picked up a cylindrical object about three inches in diameter and eight inches long. The driver, Richard Curran, shouted a warning and jumped back in time to escape injury himself as the contrivance exploded.

The police have arrested sixteen men who are held for examination.

The cab which brought in the bomb was said to have been out only twice. On the last trip the chauffeur noticed that his meter was not functioning properly. He returned immediately to the garage and the explosion followed.

FOUR MONUMENTS ARE UNVEILED

BUDAPEST, Hungary, Jan. 17.—Four monuments in memory of the lost provinces of Hungary were unveiled in Liberty Square here today in the presence of more than fifty thousand persons. Salutes were fired by cannon and the rifles of numerous soldiers and all the church bells were rung when the statues, of West, South and North Hungary were uncovered.

Men, women and children, laboring under intense feeling, knelt down in streets and prayed for help for Hungary, at the same time taking a solemn oath not to rest until their "inheritance had been fully recovered."

McGOVERN GETS STAY OF SENTENCE

CHICAGO, Jan. 17.—Stay of sentence today was granted to John and William McGovern owners of a saloon and cabaret here, when a writ of superseas was issued by Judge George T. Page, of the circuit court of appeals. The McGoverns were sentenced last Saturday by Judge K. M. Landis to two years in the house of correction and fined \$9,000 each for contempt of court for having violated an injunction, prohibiting the sale of whiskey issued against them. They were to have started their sentences today but the writ of superseas stays the sentence pending an appeal.

Galesburg, Ill., Jan. 17.—Silk skirts, waists and under garments to the value of a thousand dollars, were secured by thieves who looted a woman's apparel store here Saturday night.

CONGRESS VOTES TO LIMIT THE REGULAR ARMY TO 175,000 MEN

Ignore Recommendations of Secretary Baker and General Pershing—Former Asked for 250,000 Limit and the Latter for at Least 200,000—Discuss Whereabouts of Yap

(By The Associated Press) WASHINGTON, Jan. 17.—Congress voted today to limit the size of the regular army to 175,000 enlisted men.

The senate by a vote of 41 to 33 set aside its decision of last week to reduce the army to 150,000 men and then without a record vote adopted the original joint resolution of Senator New, Republican, Indiana, directing the secretary of war to stop recruiting until the army is cut to 175,000 men.

The house ten minutes later adopted a joint resolution directing the secretary of war to cease enlistments until there were not more than 175,000 enlisted men in the regular establishment.

The House vote was 285 to 4. Representative Crampton, Michigan, Republican, being one of the four standing out against the reduction. The resolutions adopted by the two houses are almost identical in their provisions, each providing that the 175,000 limit shall not prevent the re-enlistment of men who have served one or more enlistments in the military service. Action by the joint conference committee of the two houses is expected to be taken speedily and the resultant measure sent to the President.

Ignore Recommendations. The actions of the two houses was taken against the recommendations of war department heads and General Pershing. Secretary Baker in response before the Senate military affairs committee advised against an army of less than 250,000 men after the present necessity of economy had been relieved.

General Pershing told the same committee that an army of 200,000 men constituted a safety margin.

Some senators said privately that they believed President Wilson would sign a resolution placing the future army at 175,000 men but would not approve a smaller number.

There was no party division in the Senate on the question and that the votes were taken after an all-day battle. This debate was enlivened by a clash between Senator Phelan, Democrat, California and Williams, Democrat, Mississippi over the question of Japanese aggression. Senator Phelan urged stronger garrisoning of Pacific posts and Senator Williams declared that Japan had neither power nor desire to fight this country over what may be done in California, regarding Japanese questions.

Iste of Yap in Limelight. Referring to a suggestion by Senator Phelan that disposition of the island of Yap with its cable communications was a delicate problem remaining for adjustment, Senator Williams, said that it was not a question which would involve America in war.

"Three fourths of the Senators don't know where Yap is," said Senator Williams, "yet we're going to Yap for a big game and Yap against the Japanese and Yap against an army of 150,000."

Called up unexpectedly the Kahn resolution in the House provoked considerable partisan debate in which republicans charged Secretary Baker has violated the will of Congress in running the total army strength above the figure for which appropriations had been made. There was little opposition to the reduction, however, when put to a vote.

WANDERER TRIAL SET FOR MARCH 1

CHICAGO, Jan. 17.—March 1 today was set as the date on which Carl Wanderer will go on trial for the murder of the ragged stranger he once confessed, but later denied, having hired to stage a fake holdup the night his wife and the stranger were shot to death. Wanderer is now under a 25 year sentence for the murder of his wife. During his first trial Wanderer maintained that the confession to the double murder was obtained by force and that he did not know what it contained when he signed it.

WELL KNOWN AUTHOR PASSES AWAY

Louisville, Ky., Jan. 17.—Miss Margaret Steele Anderson, for 21 years literary critic for the Louisville Evening Post and author of a number of poems, died at her home here last night of burns suffered Jan. 2, when her dress caught fire before an open grate.

Miss Anderson's poem "The Breaking" was widely read to American soldiers in France and in army camps at home in answer to their queries for justification of American participation in the world war.

BRITISH OFFICIALS DISPLAY RETICENCE AS TO GEDDES VISIT

Government is Concerned as to New Administration

HOPE FOR EASIER DEBT TERMS

(By The Associated Press) LONDON, Jan. 17.—The visit of Sir Auckland Geddes, British ambassador to the United States to London, probably is accounted for by the importance of a full exchange of views between Sir Auckland and the government in anticipation of the inauguration of the new administration in Washington, says the Pall Mall Gazette today.

The newspaper thinks the British government desires the best information and advice of its representative on contingencies which are regarded as possible under the new President.

The Gazette points out that the action of the United States must be of the highest importance for Europe under several headings, including the tariff policy, treatment of the allied debt, the attitude of the United States in the future on armaments and its disposition toward the League of Nations.

"In all these matters we may be on the verge of diplomatic changes that will go to mold history," the newspaper says, "and the British government and its ambassador are wise in leaving no possibility unexplored against the time when Mr. Harding unfolds the contents of his mental portfolio."

Display Reticence. Government officials are displaying unusual reticence concerning both the visit of Sir Auckland Geddes and Lord Chamberlain mission to the United States which has been postponed. The coincidence of the ambassador's return with the likelihood that the question of Anglo-American debt will be the chief subject of his conference with the government.

The visit of the ambassador, which, according to reports current here was undertaken on a hasty summons from Premier Lloyd George excites great curiosity and speculation. It is alleged by one correspondent that Canada's showing independence, claiming greater freedom from the jurisdiction of the privy council, and a separate legation at Washington.

The same correspondent reiterates that American statesmanship is seeking approach to the dominions on the Pacific question.

What appears to be quite certain is that naval disarmament will be discussed.

Perhaps the Salvation Army captain at his Sunday morning fall meeting quoted the text: "The wicked flesh when no man pursueth." At any rate, the thought came to Eddie and he fled.

A Missouri legislator has introduced a bill making it a capital crime to steal an automobile. This is probably putting it a little too

strong, but there is a widespread demand for laws which will make possible more punishment for automobile thieves.

The Illinois parole law is defended in the annual report of the state division of pardons and parole, recently made public. However, the very large number of parole criminals who are re-arrested for participation in new crimes furnish evidence to offset some of the summarized evidence of the report.

One of the best summaries of present day business conditions says that there is not a real shortage of money and that people have not stopped buying. They are ready, this statement says, to exchange dollars when real values are offered. There are a good many facts to back up this statement, and the condition should be satisfactory when people generally come to understand it. A willingness to offer real values and a willingness to buy them is a good enough business foundation for any time.

is far larger than usual. It is well enough to remember in this connection that there is always some unemployment at this season of the year, and further, that the prospects seem good for fully the usual business activity, at least by the time the spring days arrive. It is well to remember, too, that Jacksonville is fortunate in that it does not feel the distress that comes with quiet times in a purely industrial city.

There are desirable industries here and there are enterprises with business relationships of an entirely different kind. Then there is the rich surrounding farming area, which has its distinctive relationship to the business of the community. A balance is maintained which does not make for periods of wonderful activity but does mean steady prosperity of a continuing kind.

**MEN'S BROTHERHOOD AT WESTMINSTER**  
Organization Formed Sunday Night—Will Hold Meeting This Week.

The Brotherhood of Westminster church was organized Sunday night at a meeting held after the regular service in the study of the pastor, Dr. Thomas Smith. The officers chosen were:

President—S. I. Davis.  
Vice-president—Dr. F. C. Noyes.  
Secretary—C. B. Massey.  
Treasurer—W. C. Rabjohns.

A tentative constitution was adopted and then it was decided to hold a meeting of the men of the church Friday night of this week. The invitation of Mr. and Mrs. Davis to meet at their home, 305 Woodland Place, was accepted. It is the purpose of the Brotherhood to not only hold social meetings once or twice a month, but through the organization to be of assistance in various branches of the church work.

**Use Palace As Feeding Place For Starving Children of Vienna — American Food Saving Thousands**

Hungry, but happy in the prospect of one nourishing meal a day, these children are waiting on the steps of the royal palace, "Belvedere," Vienna, now used as a feeding kitchen by the European Relief Council.

In Vienna alone there are 150,000 more just like them, whose only hope of life rests with us in prosperous America. In Eastern and Central Europe altogether, are 3,500,000 such tragic little victims of war and famine. No food remains for them in their own bankrupt, war-stricken countries.

The European Relief Council, comprising the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. W. C. A. and the Y. M. C. A., is raising a food fund of \$32,000,000. Every dollar of this will be needed and needed now if the lives of these children are to be saved.

Contributions should be sent to your local committee or Franklin K. Lane, treasurer of the European Relief Council, 42 Broadway, New York City.

**You Want a Quality Stove**

There are no "pure food" laws to govern the manufacture of stoves and kindred articles in the hardware line. It is left to the merchant in each town to do his own discounting—to separate the chaff from the wheat for his own and his patrons' protection.

There is hardly another article of household use which receives such hard usage as a stove. Fuel is thrown in; ashes are shaken down; doors are slammed. To stand this constant wear and tear, a stove must be of best quality.

We offer the public "THE ESTATE" stove as an article of highest quality. It has been put to every test in this community—by ourselves and by our customers. It has proven its worth in every instance—has convinced us that it is the highest quality yet attained in stove building.

If you are interested in a "Stove of Quality", either range or heater, come in and let us talk the Estate line to you.

**Rippling Rhymes**  
By Walt Mason

Keeping Faith.  
Yes, yes, we'll do the best we can to keep our New Year pledges, and look with scorn on any man who loses nerve and hedges. Temptations every hour assail, and say, "Your pledges hurt you," but up-to-date our vows prevail, and we are strong for virtue. We made our vows with main and might, eschewing habits cheezy, and if our friends would treat us right, our triumph would be easy. If men would say to us, "Gee whiz! You brave repentant sinners, we know how hard the struggle is, but surely you'll be winners," we'd be inspired to carry on, to press the moral battle, alas the words of James and John are prone our souls to rattle. Too cynical are John and James; they take it all for granted that we've gone back to those cheap games from which we gallivanted. They laugh at all the sacred vows o'er which we brood and ponder; it is a shame the law allows such guys at large to wander. For they discourage joyful jays who would old sins abandon, and when they've grieved us, forty ways, we have no vows to stand on. Oh, reader, as you travel by the highways and the hedges, don't josh or jeer the earnest guy who's made a string of pledges. It may be vows all suffer blight, but why should you remind him? Just help him struggle to the light and leave his sins behind him.

**MOTHER'S SONGS.**  
The other night when Dr. W. E. Spoonits told the wonderful story of his life, his allusion to the seeming active instrumentality in beginning the Christian life, reminded me of these verses:

His Mother's Songs.  
(By Mrs. E. V. Wilson.)  
Beneath the hot midsummer sun  
The men had marched all day,  
And now beside a rippling stream  
Upon the grass they lay.

Tiring of games and idle jests,  
As swept the hours along,  
They called to one who mused apart,  
"Come, friend, give us a song."

"I fear I cannot please," he said,  
"The only songs I know  
Are those my mother used to sing  
For me long years ago."

"Sing one of those," a rough voice cried,  
"There's none but true men here  
To every mother's son of us  
A mother's songs are dear."

Then sweetly rose the singer's voice,  
Amid unwonted calm,  
"Am I a soldier of the Cross,  
A follower of the Lamb?"

"And shall I fear to own His cause?"  
The very stream was stilled,  
And hearts that never throbbed with fear  
With tender thoughts were filled.

Ended the song; the singer said,  
As to his feet he rose,  
"Thanks to you all, my friends,  
Good night,  
God grant us sweet repose."

"Sing us one more," the captain begged,  
The soldier bent his head,  
Then glancing round, with smiling lips,  
"You'll join with me," he said.

"We'll sing this old familiar air,  
Sweet as the bugle call,  
'All hail the power of Jesus name,  
Let angels prostrate fall.'"

Ah, wondrous was the old tune's spell  
As on the singer sang;  
Man after man fell into line,  
And loud the voices rang.

The songs are done, the camp is still,  
Naught but the stream is heard;  
But in the depths of every soul,  
By those old hymns are stirred.

And up from many a bearded lip,  
In whispers soft and low,  
Rises the prayer the mother taught  
The boy long years ago.

**MINISTER'S LIFE REPLETE WITH DUTIES**  
Rev. E. L. Fletcher Made Interesting Address at Session of Ministerial Association Monday.

The semi-monthly meeting of the Jacksonville Ministerial association was held Monday morning. Rev. E. L. Fletcher presented a paper, having as his theme, "The Ministry as a Man's Job." The speaker made it plain that the minister who really fills his place as almost unending duties. A report was made showing the progress made in the campaign to raise funds for near east and central European relief. Rev. M. L. Pontius and Rev. W. H. Marbach are serving jointly as chairmen.

In discussing his subject, Mr. Fletcher said:

"In the popular conception the minister is often held up to ridicule and may refuse to enter the profession because they feel that it is not a calling worthy of their dignity. In former times, the minister was the dominant character of the community but in the middle of the last century this dominant place was occupied by the professional man. And more recently, by the keen business man.

"A Man's Job is one that requires all a normal man's powers. Painters have too often pictured Jesus Christ as a languid, effeminate dreamer. What a contrast this is to his robust and energetic manhood, as portrayed in the scriptures.

"Many a pastor has become a lackey in place of a shepherd. The present work of the ministry requires all a man's intellectual ability to combat vice and error. The minister should be a teacher and a leader. There is no call of the heroic so great as in the Christian ministry. If men are looking for a banner to lead them up the heights of heroism, the banner of the ministry is ahead of them all.

"The minister should be a saving element in society. The manliest, noblest thing a man was ever called to do is to lead his fellow men to Christ."

Dr. E. E. Violette of Kansas City, famous world traveler and lecturer, gave last night at the Central Christian church to a large audience, the first of a series of three lectures he is to give in this city, the topic being "Higman's Through Bible Lands." Dr. Violette has visited the Holy Land many times and has thoroughly posted himself by study and personal investigation on the various important places mentioned in the scriptures. Added to this Dr. Violette has a way of carrying his hearers along with him in such manner that they almost can visualize the scenes as described.

The lectures will be continued tonight and Wednesday night beginning promptly at the hour of eight. The subject for tonight is "Temples and Shrines of Old Japan," and promises to be fully as interesting as the story of Bible lands as Dr. Violette has spent many months of study in the land of the cherry blossom.

Dr. Violette is well known in this community he recently having concluded successfully a series of revival services at the Central Christian church.

### 28 Idle Hens Now Lay 27 Eggs A Day

And This Was in Cold Winter Weather. Plan is Simple.

“I feel Don Sung to my 28 hens that were not laying. But they are laying now. I receive as high as 27 eggs a day and never lose than 25.” Mrs. Jennie Davidson, Yates Center, Kan.

Mrs. Davidson wrote this letter in February. Figure her profit on two dozen eggs a day from hens that “wouldn’t lay.” We’ll make you the same offer we made her. Here it is:

Give your hens Don Sung and watch results for one month. If you don’t find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen’s health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.00 (includes postage) for a sample by mail. Burrell-Dugger Co., 1000 N. 10th St., Indianapolis, Ind.

### BEING LADY BANDIT EASIER THAN WORK DOWN ON THE FARM

But When You Get Caught It is Lots Harder

**MEN FELL FOR SMILE AND TEARS**

By Associated Press.

CHICAGO, Jan. 17.—Mrs. Cleopatra Hurtzman, 23 years old, who until two months ago had spent her life in milking cows, feeding chickens and helping run a farm near Wichita Falls, Texas, tonight was quoted by the police as confessing that she was the woman bandit who had played the leading part in fifty holdups in sixty days, many of them in the day time and who has been sought by the police for several weeks.

A smile or a tear on a pretty face was her chief weapons, she was quoted as saying, “but I also carried a little pearl handled revolver for emergency.”

Mrs. Hurtzman said she was married to Kurt Hurtzman two months ago and then left the farm to come to Chicago with him.

“His health failed, he lost his job, became too fond of whiskey and then fell in with thieves,” she added. “We decided to become bandits.”

“I acted as a lure. Kurt and I would rent a room in a fashionable residence district. I strolled along the street and when a met a prosperous looking person, I managed to force a tear. I told him I was lost and wanted to find a certain address—the number of the room we had taken. When he explained that it was only a few doors distant I brought forth the smile and generally he would volunteer to accompany me.”

“When the number was reached I either persuaded him to enter with me—or brought forth the pistol. In either case I took him into the rooms where Kurt took his money. It was very simple. Some times we held up five or six persons in a day. It made me wonder why I spent 23 years on a farm. It was so easy.”

The Hurtzmans were trailed by the police for several weeks but always evaded arrest until four detectives waited for them at a room they had rented; Hurtzman was held in the jail tonight and Mrs. Hurtzman was in a detention home.

### DO NOT EXPECT TO PASS FUTURES BILL

Former U. S. Grain Corporation Head Asks Congress to Pass Law—Says Exchanges Eliminate Market Manipulation.

WASHINGTON, Jan. 17.—Several proponents of bills to regulate future exchanges which are now under consideration by the House agriculture committee, frankly said today that they did not expect the enactment of such legislation at this session.

Two witnesses are yet to be heard by the committee before the hearings are brought to a close. Herbert Hoover, will appear on Thursday and Clifford Thorne, representing the American farm bureau federation, will be heard on next Tuesday.

At today's hearing, Julius H. Barnes, former head of the United States grain corporation, urged that the proposed regulatory measures be not enacted until a national marketing commission of men familiar with the subject can be appointed to conduct an exhaustive investigation of the situation.

Exchanges are taking means of eliminating the manipulation of markets, Mr. Barnes declared, adding that he would be slow in trying to eliminate possible minor objections by the risk of injuring the whole system.

Wheat growers did not bear all the shrinkage in value of their crop last year, Mr. Barnes asserted. It fell in large measure, he said, on the millers, merchants and dealers who had purchased the crop, 75 per cent of which he added were marketed at \$4.60 a bushel over the prices received for the same proportion of the preceding year's production.

### COAL DUST LODGED IN MINER'S LUNGS

Tells how his cough was conquered and health restored.

In November, 1916, I was working in a coal mine and the doctors said the coal dust had settled in my lungs. I couldn't lie down on my right side, coughed so I couldn't sleep and had constant pain in my right lung and under my shoulder blades. I I coughed so hard the blood would spurt out of my nose. Finally the doctors had me change climate and live outdoors, but didn't improve.

Then I came home and started on Milks Emulsion. Thank God I did, as it did me a lot of good right from the start, loosening up the coal dust in my right lung. In a few weeks my lungs were free, I could sleep like a baby, had an excellent appetite and my cough left me entirely. I gained back 30 pounds in weight and went back to work in the mine completely restored to health.—G. H. Bunn, 6th Ave. and No. 13th St., Terre Haute, Ind.

Thousands of victims of dust-filled air develop the same trouble that Mr. Bunn had. Milks Emulsion is nothing to try, so why not at least try it.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs to shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repelling the effects of wasting diseases.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

The Standard Bearers of Centenary church met Monday afternoon at the home of Mrs. J. R. Rutherford, on East College avenue. The larger part of the afternoon was given to the devotional services. The topic theme, Early Translations of the Bible. Plans for the coming month were discussed. A social hour was greatly enjoyed after which light refreshments were served.

### HARD FIGHT ON APPORTIONMENT BILL EXPECTED

Lines Promise to be Sharply Drawn on the Vote

**INCREASE WOULD COST BIG SUM**

WASHINGTON, Jan. 17.—Lines were sharply drawn tonight for a fight tomorrow to defeat the reapportionment bill which would increase the membership of the house of representatives from 435 to 483.

After a final check-up, leaders announced that the measure as reported would be voted down decisively and that a substitute also holding seats to the present total would be adopted by a big majority.

There seemed little sentiment from states which would lose representation under the shifting of twelve seats from eleven to eight states, declared they would vote against the bill as a concession at a cost of approximately \$1,000,000.

“If our country there is a crying demand from all quarters for governmental economy. Under provisions of the bill house leaders expect to be adopted the increases will be as follows: California, 2; Michigan, 3; Iowa 2 and Connecticut, New York, Jersey, North Carolina, Texas, and West Virginia, one each.

To make up this number without changing the 435 total, Missouri would lose two seats and the following states one each: Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Minnesota, Nebraska, Rhode Island and Vermont.

By this arrangement the south would gain in North Carolina and Texas and lose in Louisiana and Mississippi.

### HOWARD SMITH HAS ACCIDENT

Receives Bad Cut on Thumb of Left Hand While Operating Circular Saw—Dr. Duncan Attends Injury.

Howard Smith, an employe of the Jacksonville Box Factory, suffered a painful injury to his left hand while operating a circular saw about 11 o'clock Monday morning.

The thumb was cut from the end to where it joins the hand. Dr. Duncan was called and gave the injury the necessary surgical attention. It will be several weeks before he will be able to resume his work. Mr. Smith has been an employe of the plant for ten years, and this is the first accident he has had.

### ERROR IN REPORT.

Sunday's Journal contained a report that Samuel Henry was seriously ill. This report was in error. Mr. Henry has been ill but is improving in a satisfactory manner.

### SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big black heads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores and do not get them out after the same hard. The calomel powder and the water simply dissolve the blackheads so they wash right out leaving the pores free and clean and their natural condition. Anybody who uses these unsightly blackheads will find them melting out of their faces.

**BLUFFS RESIDENT HOLDS PUBLIC SALE**

Charles Johnson Sells Business Interest and Household Goods—Revival Meetings in Progress—Other Bluffs News.

Bluffs, Jan. 16—Chas. Johnson held a public sale at his home in the south part Saturday afternoon and disposed of his household goods. He sold his business interest in his shoe repairing shop to Wm. Hope and with his wife expects to again take up his residence in Tulsa, Okla.

Mrs. James Hamilton and daughter, Mrs. E. D. Bend left Thursday for a visit of several weeks with the former's daughter, Mrs. Will Pine and family.

George J. Vannier left Saturday for a visit with relatives at Harvey.

Ed. Mueller and family moved on a farm east of town Saturday.

Wilmer Butterbush, high school student, is out of school on account of an attack of the measles.

Mrs. George Wykoff was a business visitor in Springfield Wednesday.

G. W. Arindel has returned from the hospital in Jacksonville, where she has been taking treatment for the past two weeks.

Mrs. Albert Knoepfel was a Jacksonville visitor Wednesday.

The revival meetings in progress at the M. E. church are being well attended.

A cordial invitation is extended to all. Good music and good singing every night. Rev. B. T. Palmer is delivering some splendid sermons at these meetings.

Mrs. Grable expects to leave Tuesday for an extended visit with her daughter in Ottumwa, Ia.

**BIG DANCE**  
Armory Hall, Wed., Jan. 19, Plumbers and Fitters First annual ball. Large's famous 7-piece orchestra. Everybody invited; good time promised.

**FIRE WHISTLE TO BE PLACED AT LIGHT PLANT**  
Arrangements have been made with E. H. Gray to place the steam fire whistle at the plant of the Railway & Light company. With the removal of the city light plant there is no steam to operate the whistle.

The fire committee was instructed to see about the purchase of an electric siren. One was brought here during the convention of the State Firemen's association. However, the cost is so great it was decided not to buy it.

Negotiations were then opened with Mr. Gray with the result that the steam whistle will be placed at the light company's plant. When an alarm of fire comes in the telephone operator will give the department the exact location of the fire and then telephone the light plant the ward it is in. This arrangement will, no doubt, prove satisfactory and Mr. Gray will make no charge for placing the whistle there and operating it.

**NOTICE**  
Neighbors M. W. A. No. 912, regular meeting tonight. Installation of officers. All please attend.

**FIRE ALARMS SUNDAY.**  
The department responded to two fire alarms Sunday. The first was at 6:45 o'clock Sunday evening from the Morton school. The janitor had the lights burning in the basement and was firing the heating plant. The chimney burned out and some one saw it and thought the building was afire.

The second alarm was at 8:30 o'clock from the residence of Mrs. Catherine Devlin, 503 East College street. The chimney was burning out and the tin snips in several fire holes got over-heated. But slight damage resulted.

**HE LACKED GOOD RICH RED BLOOD**

Was Pale, Anaemic, Had No Appetite, Head Ached; Lost Weight, Didn't Sleep Well, Was Very Nervous; Had Gastritis and Was Constipated.

Says That Dreco Has Routed All His Ailments and He Feels Quite Different Now.

"I seemed to lack rich, red blood for I was thin and pale and lost flesh to an alarming extent. I didn't get half enough sleep, felt exhausted and tired all the time and often got up with a severe headache which made my eyes sensitive to the light," said Mr. George W. Ellifritz, a well known grocer of Carlisle, Ill.

"My stomach was so bloated by sour gas that I was nauseated and the sight of food upset me. My bowels were packed so I couldn't have a natural movement and the straining brought on piles which nearly drove me wild.

"Dreco has built me up wonderfully and the red blood is reflected through the skin, giving me rather a ruddy look. I am gaining in weight, energy and endurance. Each night brings with it the enjoyment of restful refreshing sleep and morning finds me invigorated and ready for a good day's work.

My stomach is in excellent condition and I enjoy every mouthful I eat, knowing that there will be no bad after-effect. Dreco softens the waste matter in the bowels thus allowing it to pass off without any unusual effort. Dreco has done me worlds of good."

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co. and J. F. Shreve.—Adv.

**ASHLAND RESIDENTS RETURN FROM KANSAS**

Henry Hena Spent Two Weeks in Western State—Henry Votsmier Suffers Severe Loss by Fire—Other Ashland Items.

Tuesday afternoon, about two o'clock, Henry Votsmier, living two miles north of town, had the misfortune of losing his house and all household goods by fire, caused from an over-heated stove.

The work of the new community high school is nearing completion. They expect to move in the first of February.

Kathryn, the daughter of Wm. Hena, was operated on for appendicitis at Our Savior's hospital at Jacksonville Thursday noon. She is getting along very well.

Geo. Awalt was a business visitor in Jacksonville Thursday and Friday.

The Missionary circle of the Christian church held a very interesting meeting at the home of Miss Glenna Ray Tuesday evening. After the programme, a social time was had by all, after which refreshments were served by the hostess. Fifteen members were present.

Roy Christie, who enlisted in the United States army, recently, is now located at Camp Grant.

Frank Fox and family of near Virginia, spent Sunday at the Miles Kendall residence.

Miss Belya Hicks entertained a number of her friends at a rook party last Monday night. Light

refreshments were served and the evening was pleasantly spent.

Co. Bailey and Sol Gray visited with relatives in Jacksonville Saturday and Sunday.

S. H. Jones has returned home from the hospital, where he has been having his finger treated. He was threatened with blood poisoning.

We have a letter from S. W. Nichols who is very pleasantly situated with friends at Tomstone, Arizona, where he is enjoying the mild climate and expects to grow stronger and recover his health.

S. H. Crum and J. A. Litter went to Jacksonville Friday in the interest of the Sunday school work.

The scarlet fever patients are all getting along nicely, and no new cases are reported.

The little girl who came to live with Mr. and Mrs. Walter Roach

on Friday, a week ago, has been named Erna Louise Roach.

Mrs. J. A. Litter was calling on friends at the Passavant hospital a few days ago and reports Rev. W. R. Johnson as getting well. He expects to go to his home in a few days.

Ada and Wiley Scribner spent last week visiting their Uncle Warren Daniels and family at Chestnut Hill.

**DRIVE AWAY HEADACHE**  
Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

PHONOGRAPHS AND RECORDS

## Critical Music Lovers Prefer The Brunswick

It is always a certain friend, an enthusiastic one, we find, who hears The Brunswick and then compares it.

The ear is quick to appreciate its superior tone; the eye is quick to note its finer cabinet work, and the mind is quick to reason out why Brunswick is a final type instrument in every way.

The Brunswick method of reproduction has brought new standards in Phonographic art—better tone, truer tone. Tones hitherto lost are now ever present.

Every hearer is convinced. That is the reason for the great popularity. That accounts for The Brunswick winning such headway in a field where limits were supposed to have been reached.

Since The Brunswick came, they all say "Plays all Records"—but just you find out how they do it and then investigate The Brunswick way.

### LEAVES PROPERTY TO AGED BLIND

Miss Bryant's Will Shows Leave to Aid Those Bereft of Sight.

Miss Mary E. Bryant, who died recently at the school for the blind, left all of her property to a fund for an old ladies' home for the blind. Miss Bryant, who was educated at the school and later was employed as attendant, made her will July 22, 1916, and named Charles A. Johnson as the executor.

The document provides that after the payment of debts, whatever property is included in the estate is to be paid to the trustees of an old ladies' home in Illinois. If two such homes exist, the executor is authorized to use his discretion as to which one the money shall be paid. In case no such home is in existence, the executor is directed to pay the funds in his hands over to the alumni association of the Illinois school for the blind, and this fund is to be invested by the association and so kept invested until such time as an old ladies' home shall be established. Then the accumulated fund is to be turned over to the home.

### MAKE PLEA TO HORSE DRIVERS

The officers of the Morgan County Humane society beg to again ask owners and drivers of horses please to be careful to blanket them this cold weather and when leaving them for any length of time, turn their heads from the wind so the cold, snow and wind will not blow right in their faces. Every day reports come to us of poor, underfed horses made to haul heavy loads with cruel masters who beat them as they try to move along. During the recent sleet unnumbered complaints came to us of horses improperly shod or no shoes at all. Several arrests were made last winter for such offenses as these. Only last week a case of a man beating a poor horse in the head with a stick was reported. This man was arrested and fined. The bits should be warmed these cold days before putting in a horse's mouth as the skin has often been torn by putting icy bits in the mouth. Any one who knows of cruelty of any kind will confer a favor by reporting at once to some of the officers or Telephone phone 577 Hl.

Mrs. William Jenkinson, President.  
Mrs. Clarence M. Reid, Secretary-Treasurer.  
John Reid, officer.

### LET CONTRACT TO MOVE EQUIPMENT

City Council Awards Contract to The Brothers of Peoria—Many Other Matters Considered in Busy Session.

The Brothers of Peoria were awarded the contract for moving the light plant equipment at the regular meeting of the city council held Monday evening. Several bids were received for this work at the meeting of the council at its previous meeting.

These bids were referred to the light committee. The committee decided the bids were all too high and they were rejected at the meeting last night. The bid of The Brothers is \$1,640, which is approximately \$1,500 lower than the lowest of the former bids. This firm is one of the largest in Peoria and has had no work of placing much of the machinery and boilers in the big Peoria manufacturing plants. Many other matters of minor importance were given attention.

Roll call showed all members present except Ald. Elmie. Mayor Crabtree presiding. The minutes of the last regular and adjourned sessions were read and approved.

Communications were read and received and placed on file. One of these was from D. J. Deany, trainmaster of the Chicago & Alton railroad relative to cleaning the sidewalks of the company in East State street where mud is carried on them by taxicabs and wagons.

Expounds New Logic.  
Ald. Flynn said he had orders to clean the walks and always kept them in good condition. Mr. Flynn said that when his men went to work in the morning the mud was frozen on the walks and could not be cleaned. When they came back in the evening it was still frozen so they didn't need cleaning.

A resolution transferring \$750 from the sinking fund to the situation bond interest fund was read and adopted.

Claims against the city were presented and all those properly approved were ordered paid.

John E. Pires, sexton of Jacksonville cemetery reported 14 interments for December. The report was received and placed on file.

Ald. Moore reported that the steam fire whistle was being installed at the plant of the Railway and Light company.

Ald. Chapin brings up bids.

Ald. Chapin, chairman of the light committee under the head of unfinished business offered a motion that the bids received at the last meeting for moving the equipment from the old light plant to the new station be rejected. The motion carried.

He then reported that a bid had been received from The Brothers of Peoria for \$1,640 for moving the equipment to the city to furnish teams and the company to furnish the men. He offered a motion that the contract be awarded to them as per bid. The motion carried.

An ordinance repealing the tax levy ordinance was presented and adopted. The action was necessary because the ordinance had been passed before the annual appropriation ordinance had become effective.

An ordinance prohibiting the use of roller towels in public places was given a first reading and laid over under the rules.

Select Slogan.

Mayor Crabtree presented a number of slogans which had been offered by the civics class of the high school to be placed on the signs marking the Mississippi Valley Highway association. The class was unable to agree unanimously on a slogan. Practically all of the slogans contained too many words and the council discussed the matter. Finally it was decided to ask all present to write their choice of a slogan on a slip of paper and hand it to the clerk. The result was that the slogan, "City of Education," received seven of the 11 votes cast. This slogan will be submitted to V. R. Riley for his approval today.

C. O. Peterson of Peterson Brothers Automobile company asking for permission to build a gasoline tank for a filling station in the walk in front of the company place of business in East State street. The permission was given with the understanding that he put in the tank subject to the regulations of the city and under the supervision of the superintendent of streets.

T. S. Martin, a trustee of Hill Lodge No. 4, I. O. O. F., was present and asked permission to build another man hole in Albee to take care of the sewage from the kitchen and lavatories of the Odd Fellows Temple. The matter was referred to the sewer committee with power to act.

After an informal discussion of a number of questions the council on motion adjourned.

### TO MUSTER IN MILITIA COMPANY

Capt. Wesley James has received official notice that the Jacksonville company of the Illinois National Guard will be mustered in Thursday night of this week. The organization here will be known as Co. K of the fifth infantry. The guardsmen attended last night and made preparations for muster in ceremonies Thursday night. Capt. Charles W. Noman of the 10th infantry has been designated as inspection and mustering officer.

### TRINITY PARISH IN ANNUAL MEETING

New Vestry Named and Reports Received—Year Has Been One of Success.

The annual meeting of Trinity Parish was held in the parish house Monday evening with a large attendance.

The reports of the various organizations of the church showed that the past year has been a most successful one in all phases of church work. Following the meeting the Woman's Guild served refreshments. The officers elected were:

Vestry—J. G. Ames, Walter Bell, H. M. Andre, C. W. Cornick, Charles Fawcett, W. T. Capps, R. C. Allen.

The rector, J. F. Langton appointed H. M. Andre as Rector's warden, and the vestry elected J. G. Ames as Junior Warden.

Walter Bellatti was elected treasurer and Charles Fawcett clerk.

### ATTENTION F. O. E.

Members of Jacksonville Aerie No. 509 are requested to be present at the regular meeting Wednesday evening when State President M. J. McCabe will be present as a guest of the aerie.

### WINCHESTER RESIDENT PASSED AWAY MONDAY

Miss Marinda Penton Dies After Long Illness—Funeral of Child Held Saturday—Other Winchester Notices.

Winchester, Jan. 17.—Miss Marinda Penton, passed away Monday at 10:45 o'clock at her late home on the east part of town. The deceased had been a sufferer for nine years from cancer and about seven years since it was found necessary to amputate one of her arms. For a time her health was much improved, but of recent years she has been a great sufferer.

The deceased was a daughter of the late Holland and Alice Penton, well known residents of Scott county. She was one of ten children, all of whom preceded her in death save one sister, Mrs. Shepley of Murrayville. Miss Penton was a woman of kindly disposition, always ready to help her friends in time of need. For some years Mrs. T. B. Dawson had made her home with Miss Penton, and during the latter's years of health had been given all possible attention.

Funeral services will be held at 1 o'clock Wednesday afternoon at the M. E. church, of which the deceased was a member.

Mrs. Herman Smith has returned from Roodhouse, where she went to attend the funeral of her brother-in-law, Charles Morrow. The remains were brought from East St. Louis Saturday, following a brief funeral service there. In Roodhouse the services were held at Richmond church and interment was made in the Roodhouse cemetery. The remains were accompanied to Roodhouse by the wife of the deceased, the two sons, Ben and Claude, and the daughter, Miss Lois Morrow.

Rev. Switzer of Pekin was called to Roodhouse to attend the funeral of his uncle, Charles Morrow.

Mrs. Charles Morrow, two sons and daughter, accompanied Mrs. Herman Smith to Winchester Sunday for a brief visit before returning to their home in East St. Louis.

The Boes Funeral.  
The funeral of little Velma Boes was held at the home of her parents, Mr. and Mrs. Rudy Boes west of Winchester at 1 o'clock Saturday. Rev. Corrie, pastor of the M. E. church, was in charge, and music was furnished by the members of the Oakville church choir. The pallbearers were Edward and Charles Wilson, Theodore and Herbert Boes. Interment was in Winchester cemetery. The beautiful flowers were in charge of Edith Simmons, Opal Wilson, Bernita and Frieda Hoots.

News Notes.  
George Drew and wife have returned to their home in Mt. Sterling after a visit with relatives here.

Miss Helen Miner returned Monday to I. W. C. in Jacksonville after spending some time at her home here, helping care for her father, Dr. James Miner, who has been ill but is now improving.

Alonzo Land took a truck load of his household goods to Ashland Monday.

### ORDINATION SERVICE AT UNION BAPTIST CHURCH

An ordination service was held Sunday at Union Baptist church, when Garfield Rofers and Vernon Baker were ordained as deacons. A. A. Curry was chosen moderator and James Stout of this city served as clerk. The service opened with the hymn "All Hail the Power of Jesus' Name." Prayer was then offered by Charles Wood. The scripture lesson was read by Dr. T. O. Hardesty, of this city, verses from the sixth chapter of Acts and the third chapter of Timothy being read.

The ordination sermon was by Rev. W. J. Campbell of Waverly, who had as his text 1st Timothy 3:1-3. The charge to the deacons was by Rev. L. H. Williams. The charge to the church was given by Dr. T. O. Hardesty, and Rev. J. E. Curry of Waverly offered the ordaining prayer. Rev. L. H. Williams, pastor of the church pronounced the benediction.

O. A. Wardle and family ate Sunday dinner with Mr. and Mrs. Jeff Henry, south of Woodson.

### EAST ST. LOUIS MAN DIES FROM INJURIES

Charles Morrow Attacked By Highwaymen Did Not Regain Consciousness—Sister Lives in Jacksonville.

Charles Morrow, a Vandalla railroad storekeeper of East St. Louis, who was found slugged on Forest boulevard near 4500 Forest corner early Thursday morning, died in St. Mary's hospital Friday night at 9 o'clock without having regained consciousness. The deceased was a brother of Mrs. Edward Kelly of this city. The fracture of his skull, coupled with exposure due to lying in the open throat the night, caused his death.

Morrow, who was married and lived at 2400 Forest boulevard, left his home Wednesday night saying he wanted to go to the theatre. This was the last his family saw of him until he was taken to the hospital. The spot where Morrow was found unconscious with two wounds on the back of his head and one over his left eye, is such that the theory is that Morrow's assailants may have slugged him elsewhere and brought him there.

The county authorities are adding their efforts to those of the police to solve the mystery. Morrow's movements Wednesday evening are being traced. He and Dr. R. R. Lyons, who has an office in the Arcade building and who resides on Forest boulevard near the 4500 corner, were close friends, and often spent evenings together. Dr. Lyons said he did not see Morrow Wednesday evening. The police have a theory that Morrow may have been on his way to Dr. Little's residence when he was attacked.

### All Valuables Taken.

Morrow's pockets were turned inside out and everything of value was taken from him. His wife does not know whether or not he had a great amount of money, but she is positive he had some. Morrow was found early in the morning by A. L. Mohler, who lives in the same neighborhood. The police are investigating the statement made by Mohler that another man told him he had seen Morrow display a big roll of bills a few days ago. "I've got plenty of money," Morrow is alleged to have said on displaying the money, "and need not worry about being laid off." He had been laid off by the Vandalla earlier in the week and his family state he did not seem to care about this.

Morrow, who was forty-five years of age, is declared by acquaintances to have been a man of thrifty and industrious habits. He went out very seldom, the family said, and they cannot account for his actions Wednesday.

Dr. L. P. Barker, the coroner, held an inquest in the death of Morrow at the Kurris morgue but nothing more bearing on the case was developed. A verdict that Morrow came to his death from a fracture of the skull in from a fracture of the skull in known was found.

The funeral of Mr. Morrow was held at the late home, 2500 Forest place, Rev. Charles Early, pastor of the First church, officiating. After the service the remains were taken to Roodhouse, the former home of the deceased. The deceased was a member of the M. W. A. and of the organization of railway men, Members of the Alumni association of the Summer College of Commerce of which Benjamin Morrow, son of the deceased is president, sent a beautiful floral offering.

Mr. Morrow is survived by his wife and eight children: one brother, Bud Morrow, of Modesto, and one sister, Mrs. Edward Kelly of North Church street, this city.

### SCHOOL BOARD WILL ADVERTISE BONDS

Issue of \$135,000 Recently Authorized Will Be Offered Investors Feb. 1st.

A special meeting of the board of education was held Monday night. The purpose was to hear the official report of the Saturday election and take the necessary steps in preparation for the sale of bonds authorized. Those present were: President J. P. Lippincott, George S. Rogers, Dr. Carl E. Black, Thomas Hopper, Henry Muehlhausen, C. A. Fiedler and A. C. Metcalf.

A report was read by the secretary showing the vote in each ward at the election Saturday, and the result of the majority in favor of the issuance of bonds. It was decided to advertise the bonds for sale, the bids to be received by 7:30 o'clock p. m., Tuesday, Feb. 1.

The successful bidder is to secure his own legal opinion as to the bonds and to pay the costs of printing.

The secretary was instructed to do the necessary advertising for the sale of the bonds.
